Forget everything you thought a bed & breakfast was all about. No more shared bathrooms in grandma's country cottage. Today's B&B's offer something for everyone – and not just a place to rest your weary head – they provide a place to live out your fantasies, rekindle the romance with your special someone or just get away from the hustle and bustle of the “real world.” Channel your inner cowboy, become one with nature or go on a ghost tour. Whether you want to be pampered like royalty or go green and modern, get off the beaten path and stay at some of the most unique bed & breakfasts that Washington has to offer.

Bridgeview Bed & Breakfast Vancouver, WA

Ultra modern and chic describes the Bridgeview Bed and Breakfast. Built beneath the Glen Jackson Bridge - the home was designed in harmony with this beautiful structure that stretches over the Columbia River.

Designed by the owner, this modern home is truly one of a kind. This 3 bedroom, 2.5 bath home sits on a ½ acre private lot with an amazing view of the bridge. The master suite includes a spa tub right in the main room with a two-person walk in shower in the private bathroom. If you need to get a little business done during your stay, the master suite has an adjoining office with wireless high-speed internet access.

Everything about Bridgeview Bed and Breakfast is sleek and modern. The gourmet kitchen has granite countertops and custom bamboo cabinets. The center island features a hidden 52" high-def television that is magically revealed at the push of a button. The open floor plan, high ceilings and many windows provide plenty of natural light during the day and views of the starry sky in the evening.

Two smaller bedrooms located on the bottom floor are also available to guests. These smaller rooms are perfect for kids or for those who want to experience all that Bridgeview

has to offer at a reduced rate. Guests may also book the entire home at a special "House to Yourself" rate - great for families and large parties. Throw a Secret Agent 007 party and use the fingerprint recognition locks on the doors.

Bridgeview Bed and Breakfast is located in the greenbelt of the bridge and is next door to a park with miles of trails to walk and bike. Or you could jump on the Max Light Rail and make the quick trip to area shopping centers or experience any of the numerous outdoor activities offered in the Vancouver/Columbia Gorge/Portland area.

Bridgeview Bed & Breakfast is located just minutes from Interstates 5 and 84. Open all year for overnight stays as well as private and business special events. Kids welcome. Rates: Rooms \$80-\$210/night, House to Yourself \$1450/week or \$4200/month. www.bridgeviewbandb.com. (360) 609-1381.
